

Hi Everyone,

1/7/2021

DARC Meeting . . .

The next DARC Meeting has been tentatively set for Saturday 1/30/2021 at 3:00 PM.

To accommodate DARC Members from Fargo to Alexandria to the Twin Cities, it will be carried on Fusion Digital in the DARC Room 28439, on FCS 004-29 & the

NØBJN-L Echolink Node 925804. Locally it will be carried on the Avon 443.650 +

DN (Digital Narrow), Becker 443.475 + DN & Paynesville 444.625 + DN. Since this is a DARC Meeting, I will only accept check ins, comments & or input from DARC Members in good standing. Good standing means they paid 2020 DARC Dues.

DARC Dues . . .

The 2021 DARC Dues are now due. If you have sent your dues in, thank you !! If you have not paid your 2021 DARC Dues, please print up the attached DARC Membership Application with your check for \$20.00 & mail your dues into DARC Treasurer Tom KDØMOM.

Letters from Readers . . .

By Tom KDØMOM

Your Digital Life article on WiFi interference got my attention. A friend recently related an experience where his garage door opener wouldn't work. After a long Google search, he discovered that the LED light bulb he recently installed in the opener was the culprit. He replaced it with the old-fashioned incandescent bulb and now everything works fine. Who would have thought the new light bulb was the colperate ? I've read that quality LED bulbs are fine but watch out for the cheap ones. Happy New Year to all.

Brainerd Radio Club News . . .

By the Brainerd Radio Club

As we enter the new year, we are reminded of just how precious our time together is. We are looking forward to exploring new ways of safely pursuing

our hobby, with the hopes that we will see a steady return to those comparatively

carefree days we remember. While we are truly blessed with a hobby that by it's

very nature operates well at a distance, we still miss being together. Until then, we have some ideas to restore some of that through informal VHF get-together Nets, and events like Winter Field Day where we can still stay safe. Please join us for the Brainerd Sunday Night Net at 8:00 PM on 147.225 + FM repeater. Please see attached Brainerd Sunday Night Net 20210103.

We wish us all a very Happy New Year ahead!

We are currently working to put together a weekly VHF Get-Together Net/Round Table which will take place mid week early evening. Will have details emailed within the next few days.
