

Hello members,

The New Year

The DARC welcomes it's new officers.

Jan 15th Meeting

We had 11 members on our on air meeting. On air meetings held in the DARC room seem to work well, particularly on cold Winter days. Those on the air are eager to find faster solutions to our issues. So we will raise this as an action item on our next meeting on March 12th at 3pm on the DARC Room.
