

Hello members,

Summer Continues:

Where we live in Belgrade, MN, Summer hasn't been all that bad. We have friends in UT and ID who are getting 90 plus temps every day.

Paynesville 2 meter Repeater:

The installation of a commercial antenna on July 2nd went well. The antenna is hearing people as far away as 50 miles and more. So it was a success. Thanks to Shannon NOANC, Dean NY0I, Dan KCOCAP, Tyler KFØCQX and KG0CV, Dave (I hope I didn't miss anyone).

Becker repeater:

The last word was from Woody KBORRN:

Hi gang,

I have contacted the plant often. The last communication was that maintenance was waiting for engineering to arrive at a solution to the fix the stack liner.

What happened was as they were lifting our antennas to the top, a retainer band broke away from the brick liner causing mortar and bricks to loosen and fall. This became a safety concern which lead to barricading all access to the stack until repairs were completed.

Bob Warner stated That he will call me as soon as it's done.

Woody

Ham Fests:

ECMARC Rush City Radio Rendezvous (RRR) – Sat Sept 10th

Rush City High School
51001 Fairfield Avenue
Rush City, MN 55069

Upcoming officer elections:

Our officers serve one year terms. So if anyone wants to run for office it is time to consider putting your name in nomination at the Sept 17th meeting.

Our Website:

The Digital Amateur Radio Club has a website at: <https://the-darc-room.com/>. It is fully active
