	kf0auv - hf antenna was damaged by the wind. I'm going to use the opportunity to get a slightly longer wire - say what I thought was a UFO near boundary waters		
	kf0auw - after my uncle passed away in 1986 I was living in a farm near richmond, -I could swear I saw my uncle		
	kd0mom - never had a ufo sightings - there is a lot of physical activity that we don't understand - we don't understand ball lightning - I am skeptical that ufos are extra terrestrial -skeptical of our government
